## THE HUB CITY

And Some of the Topics of  
Conversation

As soon as Spring politics, now an  
important topic here, has passed by,  
the affairs political of the county will  
be taken up with the "strenuousness"  
that is want to characterize the coun-  
ty campaign.

Just now, however, our people  
are deeply interested in municipal  
affairs, the new code making it nec-  
essary to elect an entirely new list of  
city officers from Mayor down.

Speaking about Mayors, however,  
makes it quite proper to mention the  
fact that Bowling Green has been do-  
ing very well under the official guid-  
ance of a Perrysburg official. Of  
course I do not mean that our  
Mayor is a Perrysburg resident just  
now but we all know that he came  
from Perrysburg; he obtained his  
first lessons in municipal government  
while in Perrysburg, and there is no  
mistake regarding the fact that he  
has been a good official—Democrat  
though he be. But his Democratic  
principles have been laid aside since he  
was elected by the Republicans, and  
he has served his city well.

Having tried a Perrysburg man for  
that office the Republicans are con-  
sidering the advisability of again  
seeking a Mayor from among those  
citizens who have come from Perrys-  
burg, and thus it now appears that  
from the North has come the man who  
shall be the official head of the mu-  
nicipal government of our thriving  
and beautiful city, for the air is full  
of talk that speaks loudly for Joe E.  
Baird as our next Republican candi-  
date for Mayor. The principal ques-  
tion now is, will Baird accept the  
nomination?

There is liable to be some warm  
fighting in our caucuses over the  
issues of Council. During the past  
few years much public work has been  
done, and as usual, there are two  
sides to all matters of public improve-  
ment and the indications are that the  
grumbling we now hear will break  
forth in full power when the oppor-  
tunity comes. This will be a special  
occasion—the entire board of council-  
men goes out by statutory limitation  
and it gives everybody a chance to  
get out his little scalping knife and  
reach for hair. I may be mistaken,  
but it looks to me as though our Re-  
publican friends will have a time that  
will be giving the days of Mad An-  
thony Wayne on the Maumee the ap-  
pearance of a street faker's medicine  
show compared with Buffalo Bull's  
Wild West, and like Katisha's  
shoulder, "it will be worth going  
miles to see," so that if any of our  
slow, easy going Perrysburg friends,  
who think they are politicians, wish  
to see something that will be equal to  
137 degrees in the shade, they better  
come over.

Bowling Green, however, is not the  
whole thing in Wood county, and  
while we residents are interested di-  
rectly in the city politics we know  
that the great "outside" is slowly be-  
ginning to consider the nominations  
that must be made for county officers.  
The convention is six months away,  
but there are so many good men who  
are "willin'" that it requires about  
that much time to consider them.  
Regarding the Representative there  
seems to be about three candidates at  
present, only one of whom has made  
personal announcement of his can-  
didacy—Hon. F. P. Reigle. In the  
bunch, of whom the people are speak-  
ing, however, appear Ex-Commis-  
sioner Fred Brand of Haskins, and  
Postmaster Geo. E. Reed of Prairie  
Depot, but as the editor generally  
manages his own politics, your cor-  
respondent does not mix, only men-  
tioning those who are in the talk at  
the hub.

For Treasurer, B. G. has a pair,  
while two others represent the out-  
side. S. R. Case, or Bert, as he is fa-  
miliarly called, and George W.  
Fernside the pair from B. G. are sup-  
posed to be sitting in the front seat  
of the band wagon, with J. C. Solether  
from Jerry City, sitting up close to  
the driver, while A. K. Williams of  
Perrysburg is coming along with a  
wagon of his own which contains a  
"solid vote from Perrysburg." Oh,  
it does look as though something  
would be doing later on.

## TEN NEW CARS

Increased Power and Faster  
Time on Belt Line.

When the blue birds return about  
the first of April the River Belt  
electric line will put in commission  
ten new cars which will be of the  
best, the latest and most approved  
design ever put on a similar line in  
this country.

They are known as combination  
cars and are so constructed that the  
sides can be folded and thus con-  
verted into an open or summer car,  
and in case of a storm arising they  
can be closed in a few minutes, mak-  
ing them not only perfectly secure  
against the storm but warm and  
pleasant as a Winter or closed car,  
thus giving the pleasure of cool  
breezes in summer with a surety of  
protection in case of storm.

These cars will be very large with a  
center isle, and entrance and exit at  
either end. They will each be pro-  
vided with four 50-horse power mo-  
tors, latest approved air brakes and  
every convenience known to street  
car construction.

On Saturday last the cable which  
had been laid across the river at the  
terminal bridge, was connected with  
the line and the power is so greatly  
improved that cars are now making  
excellent time. This increased power  
is caused by the more even distribu-  
tion of the current around the belt  
and as soon as Spring arrives and  
good weather will permit the work of  
improving the track will be com-  
menced with the object of cutting  
down the running time.

Manager Beilstein proposes to give  
the patrons of this line the best ser-  
vice possible and the company are  
putting a big sum of money into im-  
provements.

## MORE RIOTS.

Disturbances of strikers are not  
nearly as grave as an individual dis-  
order of the system. Overwork, loss  
of sleep, nervous tension will be fol-  
lowed by utter collapse, unless a re-  
liable remedy is immediately em-  
ployed. There's nothing so efficient  
to cure disorders of the Liver or Kid-  
neys as Electric Bitters. It's a won-  
derful tonic, and effective nerve and  
the greatest all around medicine  
for run down systems. It dispels  
Nervousness, Rheumatism and Neu-  
ralgia and expels Malaria germs. On-  
ly 50c, and satisfaction guaranteed by  
C. P. Champney, druggist.

## GREAT CORNET SOLOIST

Bert Brown a cousin of A. C. Ful-  
ler of this place, is now considered  
one of the finest cornet soloists in this  
country, and is now traveling with  
Thomas Preston Brooke, the famous  
band master, and an article in the Ft.  
Wayne Journal-Gazette says that  
the acquaintance with Brooke was be-  
gun when Brown was a boy, and  
called on Brooke to ask the privilege of  
playing for him to obtain the band-  
masters opinion of his ability.

After hearing him play, Mr. Brooke,  
accustomed as he was to hearing great  
soloists, could not restrain his admir-  
ation of the boy's marvelous talent  
and spent the greater part of the  
afternoon in advising him how to  
study and practice in order to develop  
into a finished performer. On bid-  
ding the lad good bye Mr. Brooke  
told him to practice diligently for one  
year and then come to Chicago and  
call on him at his home.

A year later the young man made  
his appearance in Chicago and Mr.  
Brooke made him a member of his  
celebrated Chicago Marine Band, and  
the boy has since become Mr. Bert  
Brown, the great cornet soloist who  
has since charmed multitudes all over  
the U. S. and Canada with his ex-  
quisite playing.
